Fourth Stage 2. Target 5. 5463-6547

April 28 2018. Start 2:06 PM

Solid structure standing on the 5 in 6547. It is a person, feels soft on their clothes and body. He stands there, about to let people come in to the show that is happening on the inside. The inside is an amphitheatre, a white building with the Greek amphitheatre layout where the seats are in progressive steps, the architecture goes around in concentric circles, white colored building. The show is about to start.

It is a beautiful aria or a spectacle, something serene, spiritual, the person on the stage spreads its arms to the sides and takes a bow. Something religious or spiritual about the performance. White and purple clothing on the person on the stage, reminds me of Jesus with the purple heart that I see, the heart with the thorns or spiky wire around it, takes a bow, it is a spiritual event. There is a lot of white light shining onto this place on the stage and also in the audience.

A light is held inside of a bucket that the man on the stage is holding with both hands. It contains the grace and the light of god. This is definitely a spiritual and a religious place and event. It has to do with glory. There is no music played here, there is no band. Nothing negative, no quarrels here. The light shines down onto this figure on the stage who is like Jesus. This is a clean place. It is a holy event. Nothing is dirty or filthy that is let in here. This is a holy place, and they have come to show to the congregation what is on the stage, it has to do with receiving the spiritual light of God.

The figure on the stage is adorned with white light that shines down on him from above, he basks in white light of God. There is a congregation that has gathered here to see this event. There is no singing taking place. There is also no band playing. This is a significant and holy event. This is inside of a church. It is in with a congregation or a following who is here to see it. It has got to do with the light of Jesus. The Son of God, the Christ.

The man on the stage has purified his blood. So that he can be up there with his God. It has to do with helping the congregation so that they also can purify their blood. The blood carries the sins that keep them away from their Father. The sins make them worried, the sins they weigh them down, and they need to be purified before they can sit with their Father who is the Heavenly Light. This congregation it feels very happy and peaceful, because all of their sins are about to get removed. There is nothing angry here, it is very peaceful. He is the purified lamb

on the stage, I am looking at Jesus who is on the stage and white light shines down on him. He has got the purple and white shrouds on.

People come here with clean clothes and clean shoes on, no one comes here who doesn't get purified. It has to do with purifying from their sins, and so, this is a holy place, because this is where sons can go to Heaven to be with their Father, and so their sins shall be removed. This is where people go to Heaven, so that their sins can be removed. They are going to be like innocent lambs therefore, like their Father, the Christ before them, whose sins too were removed, so that they can be like Him, who resides in the Heavens. This is a purifying bath, to clean them off their sins.

The blood is purified here, of their sins. If you gaze upon the Father, who stands there before you all. You will all be purified of your filth, and then even your own clothes will begin to smell purer. I hear all this when I try to look at the figure on the stage.

I really think we have enough to connect this target to one of the pictures for the matching assignment.

2:26 PM End.
