We are climbing up a mountain. There is also a waterfall, the water that I drew falls down further but I do not have that in the drawing. The mountain outside has snow on the mountain tops. The white almost square shape indicates the open outdoors, most of this image is inside of mountain like in a cave. There is a man there and he is climbing. Once he reaches up to the white space outside, he points with his hand toward the mountain top. He was here for sightseeing.

Feedback: I definitely got the man in the shorts correctly and arms pointing. I also had in my report human activity of movement, though mine was climbing and here is a soccer ball game.
