There is a dark ramp that goes up, and connects to a walkway which has a railing. There is a black round well made of black bricks. Plantlife. Blue could be water and is both above and also below. Red indicated perhaps a lifeform human but was not clear. It is about walking upward along manmade structures buildings paths.

Feedback: Wow I actually did really well on this one! The railing is there, buildings, the green plants, and the path walkway up above can be seen to the right on the target image. The blue may have been the blue coloration on the windows and banner on the left.
