Indication of cars. Manmade area, not out in nature. Dark. Sign with text with written letters on it.

Above was not encountered a ceiling, but open air which was windy and wet with salty ocean air.

Technical feel here, like a cars workshop with tools and rusty barrels of oil or liquid kind of feel.

Target: Blurry picture of farmside.

Decoy1: Woodworking shop.

Decoy2: Page, so I create another decoy.

Decoy3: Sketch of a device. First I thought to create yet another decoy, but I see some resemblance from the report to this one.
