Strong human presence and human activity. There are two or three humans. First I see that two humans are standing next to each other, one is holding papers in its hands and shows the papers to the other, is perhaps handing out papers for another person to take. The other person, drawn as a woman with brown hair, is speaking. There is also a person to the right who is jogging into the direction toward the right. A person who seems to be the same one who was jogging is also seen lying down flat on its belly on the ground with straight legs toward the back. A tree was seen in the near background, a low dark gray stone wall is seen near where the person was jogging towards. People want to go towards the right.

Target: A logotype. Target image page describes the image as "4 Squadron emblem Royal Saudi Air Force". During the session I sensed that the two persons described first would be politicians (I even thought of Hillary Clinton for the woman). And the jogger who also laid down flat against the ground I thought it was a sports athlete. At one time I saw the jogger wearing a tight-fit brightly colored yellow and red synthetic material kind of like in sports or a diver but I did not look closer into it.

Decoy1: Parking lot.

Decoy2: Church with grass and trees.

7:09 AM End session.
