Internet Search Images C1 Target 8

Today April 16 2019

Start 4:45 PM

One search word, I am blind to the word during the session.

A yellow mushroom, soft and delicate, with a rather flat top, a nice pale yellow colour. Brown floor.

Probing reveals that the foot of the mushroom makes a J shape with a curve at the bottom.

The mushroom is pointy on the top.

Hard to probe these target images!

4:56 PM End RV.

Word was: "food rations"

There is nothing mushroom shaped, no pointy top, no thin mushroom stem, nothing is J shaped, but there is a soft light yellow element which is the color I had. Also the bars look soft like my mushroom was. I can give this session a grade C for correlation.
