Five search words from random word generator, I know the words from start of the session.

Leggings Wolf Stairs Ankle Desktop

Something hairy close to the floor but a bit above the floor but connected to the floor. Warm fabrics warm colors fuzzy hairy. Orange arch above on the left of the main element.

Logic finds it irresistible to look at the search words to try to figure out what I'm getting here, but that is of course not good RV protocol, yet the known search words are there so that is how it goes.

Warm colors, orange, red, and some yellow. Main emphasis close to lower right side.

Probe the elements: The orange rises up in the center with a diagonal lean.

It feels hard to probe any elements further.

7:43 PM End RV.

I do not see any correlation at all. Grade F.
