This report drawing is the most beautiful fail session I have ever drawn. Whatever it was that inspired me to draw this bird of paradise kind of painting, I am thankful for it, so beautiful.

Just before I went to generate the target image and do the RV of it, on my webpage was the right side part of a beautifully colored advertisement image which was in deep red colors like a sunset sky, and I thought to myself as I went to do the RV, I hope this ad image does not impart on my RV experience, so maybe it did, maybe I sent myself a signal to go there instead. But I am happy to include this in the error margin, and in a real test there will be no color ads to look at just prior to going into an RV target!
