Ground.

Primarily a) nature/natural, b) manmade, c) artificial: Nature but with artificial dish and the item that the children are chasing could be an artificial manmade object.

Describe the overall target site area: We are outdoors on the ground which is like orange beige sand with some small rocks or pebbles of sand in it, there is water nearby to the left, short trees or shrubs surround the area to the back and on the left. It is brightly lit.

Describe surroundings outside of target site: Not investigated

Probable location on world map: Feels Asian but not investigated

Emotions, ambience, feeling: Love, warmth, happiness, friendliness, welcoming, from the adult who is standing in the center and is facing to the camera.

Significance and meaning of target: The adult who is demonstrating the dish to us. The dish could also be a hat on the adult's head. The adult could be a statue of a saint also. It feels primitive here like Asian rural area and a different religion such as Buddhism or something like that.

What I think the target is,

- 1) A woman demonstrating that she has cooked fish in the dish.
- 2) A statue of a saint woman facing to the camera.
- 3) An outdoors scene from Asia.

Summary or additional explanations: Look for the smiling loving woman or woman statue in the center. Golden yellow colors brightly lit and warm. We are outdoors in nature with the ground and the short green brush and the shallow water on the left. Fish jumping out of water. Children chasing something around and playing. Warm and inviting, human presence, human activity, but outdoors in nature, with an Asian feel and possibly a saint statue.
