Target WR21

Today April 22, 2019

Start 10:13 PM

A blue space with several little solid white marbles in the lower right corner, the marbles are widely spaced apart. Blue diagonally set arch shape in lower left its opening facing diagonally up. A big wide open space. There is one green bamboo tree in the center of the page, the trunk is visible and the leaves going left and right from the stem.

10:18 PM Secondary stage.

The white marbles are on a sheet that runs across the floor into page from the blue arch, that sheet is a blue color. This blue sheet is like a cape that flows, it has a shape like against on a forehead. Everything is on the floor in terms of emphasis map.

10:22 PM End RV.

This session gets a grade C because basic elements are recognizable things and shapes and colors on the target image. There is indeed a tree in front of everything. Possibly the gray color of the buildings was seen as the blue. The white dots possibly the white from the roofs. There is somewhat of a blue arch from the walls that section the ground. The leaves of the bamboo reaching parallel horizontal are similar to the wall lines on the hill and possibly there the tall thick tower became the thick bamboo stem which I sensed was notably thick.

To get a grade B I would have had to find buildings, bricks, fence, grass, hill, more things like that. To get a grade A I would have had to have a more detailed accurate report and maybe with more information about the identity of the target. But the report shows recognizable shapes and labelled things that are relatable to the target image so the grade of C for correlation is justified.

10:27 PM End session.

ELEMENTS

IE. Blue space.

IE. Several widely spaced apart little white marbles.

IE. Blue arch in lower left corner, its opening faces diagonally up.

IE. Bamboo stem in the center vertically is rather thick.

IE. Bamboo leaves to the left and right from the stem.

SE. Blue sheet extends on the floor from the blue arch into the page, the white marbles are on the blue sheet.
