Target WR64

Today May 26, 2019

Start 11:11 PM

Floor: Just in that big pink space.

Go inside the brown element: We are within a big space that seems to be inside of a building that has windows facing to the outdoors. But the target wants us to stay on the outside of the brown element.

11:18 PM End RV. I end this session because what I am getting is strange and difficult to proceed with.

Grade is A. We do indeed have a big building closeup. The colors are pink and brown. And you can easily recognize the brown shape that I drew, on the graffiti on the wall in those large bulging shapes. Grade A.
